FLOOD WARNING

When it looks like we will be getting heavy rain, please stay tuned to the local Weather Stations. Turkey Creek has flooded in the past and you may need to evacuate. It is your responsibility to be able to move out of your site if we are experiencing flood conditions.

Management, Local Emergency Responders or Police will let you know if there is a need to move to higher ground or evacuate. Even 6 inches of fast moving water can knock you off your feet and a depth of 2 feet will float your car! Plan ahead of time for a place to get your RV and family to safety.

We Hope You Enjoy Your Visit To Turkey Creek
